HAL strike rate going up.
Could have kept going. But to me, if I carried on I'd say I'll have loads of repeats. Reason. Yes, if times top 3 matches by 3; it makes 18, to the top 9,10 matches. Remember what the genius said for 9 numbers horses, could get only 6 matches. So, as top 3 are well in front and the usual score for 60 spins is 30/30. And only at 17 repeats; the 1x need to fill and so do 2x-3x.
I'll leave it there.
